ELECTION OFFICERS SALARY CANNOT BE LEGALLY INCREASED

Attorney General in Opinion Given
County Judge Purnell Says That
Statute Fixes Salary and That
Cannot Be Legally Changed
Except By Legislature.

It will be remembered that following registration on last Tuesday the Election Officers of the Second Ward petitioned the County Officials that the regular salaries of Election Officers be increased to \$4 per day for judges and sheriffs and \$5 per day for clerks.

Judge Purnell immediately took the matter up with Attorney General Morris and has just received the following letter:

Hon. H. P. Purnell,
Maysville, Kentucky.
Dear Sir:
I have yours of the 8th, and will say that since the statute fixed the pay of election officers at \$2 per day, it is doubtful in my mind whether or not the Fiscal Court would have the power to pay more than is allowed by law. I assume that those counties which are providing for extra pay take the position that no one will raise the question.

Of course, if the court be satisfied that no question will be raised, they might increase the pay, though I think since the statute fixes it, it will be an illegal act.

Yours truly,
CHARLES H. MORRIS,
Attorney General.

This letter means that it would be strictly illegal to increase the pay of the election officers at the present time and those towns and counties which are paying their election officers more than \$2 per day are doing it illegally. It appears that this would be a fine chance for one of our new legislators who will be elected in November to make a big hit with the election officers of the state by offering a bill when the legislature meets in next January to increase the pay of these men.

"STEP LIVELY"

The La Salle Company who present the Musical Comedy, "Step Lively" which comes to the Washington Opera House are firm believers in placing the prettiest girls in the most conspicuous places at the proper time to produce a counter irritant in the minds of those who think they are about to be disappointed. They believe that a song hit which can carry itself on its merits, is quadrupled by the saying of a group of unimpeachable brothers in the foreground of an array of well gowned show girls and their experiences have taught them to pick winners in arranging their production. The young women who constitute this section of "Step Lively" possess all those qualifications so necessary to please the eye and charm the ear. There are many musical numbers which are given additional color by the beauty of such girls in timely action.

WHAT STANLEY PROMISED; AND WHAT THE TAXPAYERS GOT

When A. O. Stanley was a candidate for governor in 1915 he said, "I'll make the heads of these office holders on Capitol square look like pumpkins on a frosty morning." Instead there are 314 new office holders at a total yearly cost to the taxpayers of \$526,989.00.

MUCH WORK IS LAID OUT FOR KEN- TUCKY TEACHERS

State Superintendent Gilbert Lays Out a Big Program of Work of School Teachers.

The following is a copy of a letter just mailed to all the school teachers of the state by State Superintendent Gilbert outlining this year's work:

My dear Teacher:
As provided by Section 8b, 8c, and 8d, Acts of 1918, I am enclosing you a Temperance Day Program. I am sure it is not necessary for me to urge upon you the observance of this Day to teach the importance of Temperance, not only to your pupils but to the community. This is most important this year, as on the 4th of November the people of Kentucky must vote for the amendment for State-wide prohibition or against it, and as teachers and leaders for a better and happier Kentucky, we are certainly anxious that the people vote by a large majority for this amendment.

October 31st has been set apart as Arbor Day, and this affords you an excellent opportunity to render a real service to the State by planting trees. Taking the counties in alphabetical order, we will begin to ship to the County Superintendents the new Course of Study today, and you should have this bulletin in your hands and be conducting your school according to its directions within a few days. Under the law, no teacher can draw the public money who does not teach according to the Course of Study. This Course of Study is intended to serve for five years, or during the life of the present text book adoption, and should be carefully preserved and turned over to your County Superintendent at the end of the term.

I am sending with this Course of Study Health Bulletins prepared by the United States Government, the State Board of Health and the Department of Education. I am sure you will receive these gladly and teach thoroughly to your pupils the lessons contained therein. We are hoping not to have a recurrence of the terrible epidemic through which we passed last fall and winter, and your intelligence and watchful care should be one of the greatest factors in preventing this calamity.

Our Government has given to the teachers of the Nation the greatest opportunity they have ever had of teaching Economy and Thrift. You may do this by organizing Thrift Societies in your school and leading the boys and girls to habits of systematic saving, which will prove of great benefit not only to the Nation but to the individual pupils as well.

We have been asked to participate in building a Memorial to Kentucky's gallant lads who gave their lives on the Fields of France, that we might maintain our free institutions and become the leaders in freedom and righteousness. I hope that each of you will give this matter emphatic attention, as we cannot conceive of any other activity that would be more valuable in developing character and patriotism.

Each school which organizes and maintains a live active Parent-Teacher Association will succeed in rendering a greater service to the community than the school which does not have such an association. We know this to be true by actual trial. So I would urge that each of you organize and maintain through the fall and winter a strong Parent-Teacher Association. You may get all the directions and assistance you need in this matter by writing Miss Lida E. Gardner, State Department of Education, Frankfort, Ky.

The Illiteracy Commission, created and endowed by the Legislature of Kentucky, proposes to eradicate the blight of illiteracy from the fair name of our State by the time the 1920 Census is made. We cannot hope even approximately to accomplish this unless every teacher becomes an earnest and valiant knight to wage relentless war upon this greatest of all foes to the prosperity and happiness of the Commonwealth.

I recognize to you a strenuous program, but it is worth while, and we can and will accomplish largely all the things set forth in this letter. If we do, we shall have developed a patriotism and character among our people which will cause future generations to rise up and call us blessed.

Very truly yours,
V. O. GILBERT,
State Superintendent.

ACTUAL FAMINE NOW FEARED IN NEW YORK CITY

City's Reserves of Food Rapidly Shrinking to Danger Point—Strikes Involve 220,000 Workers—Walkouts of Harbor Men and Teamsters Cause Enormous Waste.

220,000 MEN IN NEW YORK STRIKE

New York, October 14.—Fully 220,000 workers are on strike or have been thrown out of work by strikes here, according to Ernest Bohm, secretary of the Central Federated Union. The principal strikes and the number affected are:

Marine workers	25,000
Building workers	25,000
Laundry workers	20,000
Cigarmakers	15,000
Teamsters	11,000
Piano workers	10,000
Millinery workers	7,500
Printers, Pressmen	5,000
Shipbuilders	3,000
Tailors	3,000
Unclassified	50,000
Non-strikers idle	50,000

New York, October 14.—With its reserve food supply rapidly shrinking toward the famine point, New York today is facing a crisis in one of the worst labor situations in its history. At least 220,000 workers are either on strike or idle as a result of strikes.

The walkout of 11,000 teamsters, the chauffeurs and helpers has caused the American Railway Express company to place an embargo on all express packages entering or leaving the city. Virtually all of the fish, vegetables and other perishable food are shipped here by express. The strike of the longshoremen, harbor and ferry workers has caused enormous quantities of food to rot on the docks and in ships. No coal has reached here for several days. A little milk and a few tons of vegetables have reached the city by circuitous routes.

The industrial unrest in the city is shown in a statement by Ernest Bohm, secretary of the Central Federated Union of Greater New York, in which he says 120,000 workers affiliated with the American Federation of Labor are on strike. In addition Mr. Bohm states that there are 50,000 "unclassified" strikers and 50,000 non-strikers thrown out of work.

LOVEL-SMITH

Marriage of One of This City's Popular Young Ladies and a Prominent Tobacco Man This Afternoon.

A very beautiful but quiet wedding took place this afternoon at the home of Mr. and Mrs. R. Lee Lovel in East Third street, the contracting parties being Miss Martha Stanley Lovel and Mr. Lloyd B. Smith, of Danville, Va., the ceremony being performed at 2:30 o'clock by Rev. J. C. Stevenson, Rector of the Church of the Nativity, in the presence of the immediate family only.

The bride is the daughter of Mr. and Mrs. R. Lee Lovel and is one of this city's popular and interesting young ladies, admired by a wide circle of friends and acquaintances. She was attired in a traveling suit of blue tulle.

The groom is resident representative of the Liggett & Myers Tobacco Company and by his genteel qualities has made all friends with whom he has become acquainted.

The happy couple left on C. & O. train No. 3 for an extended bridal trip, and will return to make this city their home.

The Ledger, with their numerous friends, joins in hearty congratulations.

PUBLIC SALE

On tomorrow, Wednesday, at 1 o'clock p. m. sharp, the James N. Kirk farm on the Lexington pike, 1 1/4 miles from this city, will be sold at public auction. The farm consists of 101 acres and is considered one of the very best in Mason county. Its nearness to Maysville should make it very desirable. The sale will include a number mules, milch cows, farming implements.

THE POTTER SHOE COMPANY

of Cincinnati, Ohio, desire to inform you that their representative Mr. E. L. Franken will be at New Central Hotel on October 14, with a selection of all that is smartest and most correct in select footwear for the coming season. It is hoped you will find it convenient to attend this interesting exhibit.

The regular meeting of the Woman's Missionary Society of the First M. E. Church, South, will be held Wednesday afternoon at 2:30 o'clock at the church.

Mrs. Mary Wood Rice of Los Angeles, Cal., is the guest of Mrs. Anna and Miss Elizabeth Peed of Third street.

NATION-WIDE BOMB PLOT MAY SOON BE CLEANED UP

Explosive-Maker Arrested by Federal Agents at Gary, Ind.—Prisoner Involved in Terrorist Campaign—Directly Connected With Blast at Home of Attorney General.

Chicago, October 14.—The nationwide terrorist bomb plots of last May and June are about to be cleared up. The alleged maker of the bomb that was exploded in the doorway of the home of Attorney General Palmer in Washington, June 3, has been arrested in Gary, Ind., Federal officials announce.

The man held in connection with the Palmer bomb explosion is believed, it is said, to have been the maker of the 36 bombs sent through the mails in boxes wrapped in paper from the Gimbel Bros.' store in New York and timed to reach their intended victims on May 1. The peculiar style of manufacture, with the ingenious contrivance of the explosive, has linked them unmistakably with a basement radical factory raided at Gary by the Federal troops, it is said.

Since the 1,600 soldiers of the Fourth and Sixth divisions took control of Gary, investigations have been shrouded in secrecy. There have been many arrests made and a strong stockade built in which to keep the prisoners. How many men besides the alleged mob maker are held in connection with the nation-wide plots has not been revealed by the Federal authorities, civil or military.

A radical leader named Ivanoff, known, it is said, to have been the agent who carried the Gimbel bombs from Gary to New York for transmission through the mails, is being sought. He was last seen in Chicago several weeks ago, when he spoke at an I. W. W. convention. He is supposed to have gone East.

The funeral of Mrs. James Sidell, whose death occurred Monday afternoon at her home on East Second street was held this afternoon at 4 o'clock. The services were conducted by Rev. J. J. Dickey, pastor of the Little Brick Church. Burial in the Maysville cemetery.

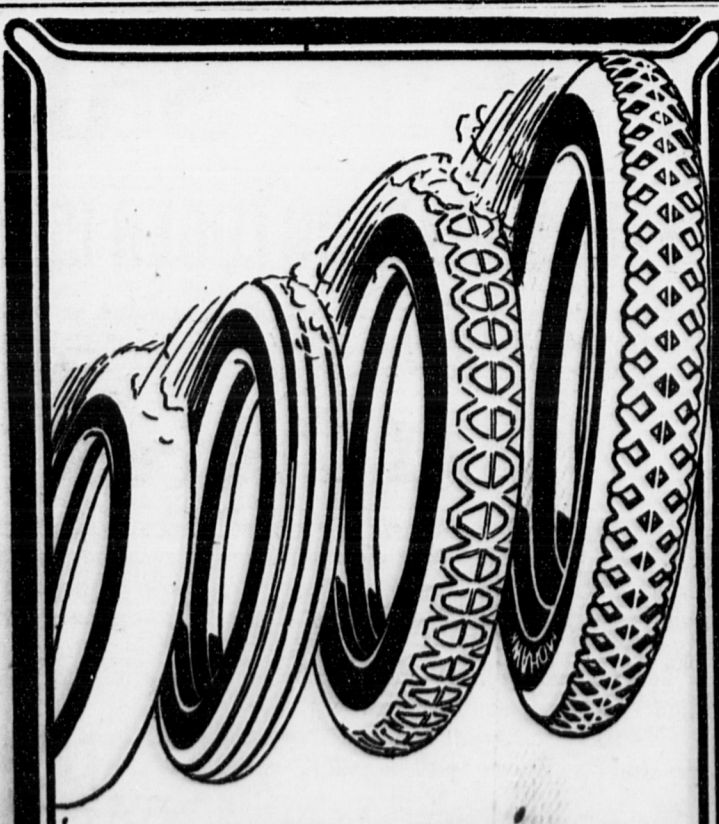

Mr. W. S. Steele left Monday for a two weeks' stay at Martinsville, Ind. Mrs. Steele, during her husband's absence will visit relatives in Ohio.

H. C. L. HITS THE CAPITOL

The high cost of living has invaded the restaurant maintained in the House Office Building for the convenience of the secretaries and clerks who work there. So outrageous have become the prices charged, all of them greatly in excess of any other public restaurant in Washington and about equal to the items on the menu of a palatial dining car, that Congressman Edward J. King of Illinois has registered a public protest on the floor of the House. "They are charging for a plate of ordinary thin soup, 15 cents," declares Mr. King, "chicken pie, made principally of carrots, 75 cents; a chicken sandwich, a cold, dead, cadaver, 40 cents, and if you want it heated it is 5 cents extra. Mr. King intends to find the official responsible for the state of affairs, and start the campaign against the high cost of living by reforming conditions in the Capitol itself.

Jim Allen says the only disparaging feature about the Kentucky State Campaign is that the Louisville Herald and the Lexington Herald are both out flat footed for Governor Black and he adds that neither paper ever supported a winning candidate.

In Egypt buttons have been found whose material indicates they were made about 2500 B. C.

ROOT OUT THE ROTATORS

Four years ago when Owsley Stanley was running for the nomination for Governor of Kentucky he damned the Democratic rotators in office from one end of the State to the other.

Nevertheless, five candidates out of the nine on the Democratic State ticket four years ago, of which Stanley was the head, either were then or had been holding State offices.

Today the same old crowd of rotators is trying to keep its stangle hold on the State government. Five candidates out of the nine on the present Democratic ticket are now or have been holding State offices.

Gov. Black has been First Assistant Attorney General, Lieutenant Governor and Governor. John W. Newman, Commissioner of Agriculture under McCreary; Matt Coffey, present Commissioner of Agriculture; Henry Bosworth, former Treasurer and Auditor; Henry F. Turner, present State Inspector and Examiner by appointment of Stanley and retained by Black, are all candidates for State offices.

DEMOCRATIC "RIGID ECONOMY"

The Democrats at Frankfort have put 314 more employees on the pay-roll than Gov. Willson (Republican) had at a total ANNUAL cost to the taxpayers of Kentucky of \$526,989.36.

For three years ending June 30, 1911 (Gov. Willson, Republican) salaries proper totalled \$908,230.67; for three years ending June 30, 1919 (Stanley, Democrat), they totalled \$1,148,185.82.

McCreary (Democrat) administration paid in salaries proper \$177,254.67 MORE than Gov. Willson's administration and Stanley's (Democrat) administration paid \$239,955.15 MORE than Gov. Willson's.

Five out of nine candidates on the Democratic ticket are now holding or have held State offices.

TAXPAYERS CAN'T
SOLVE PROBLEM

WITH LARGEST TAXES IN HISTORY OF STATE, HUNDREDS OF SCHOOL TEACHERS GET LESS PAY.

GILBERT'S SALARY LIST

Head of Department of Education Runs Up Big Bills in His Office For Stenographers and Clerks.

One problem the taxpayers of Kentucky, particularly those who have children in the public schools and those who teach, can not solve, is this:

Given the largest amount of taxes in the history of the state, why has the present Democratic administration given the school teachers in 49 counties of the state LESS money in 1917, 1918 and 1919 than in 1916, and in 71 counties LESS in 1917 and 1918 than in 1916?

The figures show that since taxes were raised the state is about able to defray its current expenses, and, while some money has been paid on the state debt, there has been no proportionate increase in the school fund for the education of the children and paying teachers' salaries.

However, the taxpayers do know that the minute Superintendent Gilbert got in office he began to add a lot of stenographers and clerks to his own office force, and that the salary list is now three times what it was under Gov. Willson (Republican).

They also know that Superintendent Gilbert's printing bill is three times what it was under the Republican administration. This does not make the taxpayers feel any more jovial when they think of the \$15,000 bill he ran up on them for getting out the famous "Sore Toe" book and "School Architecture in Kentucky," which cost them nearly \$8,000.

The people were well acquainted with Superintendent Gilbert's fondness for travel when he was an assistant in the office of Superintendent Hanlett, where he boosted his traveling expenses from about \$600 a year to over \$1,000 a year. Since his election to the higher office Superintendent Gilbert has taken to traveling out of the state, and one item on the books at Frankfort, under the head of "Inspector's Expense," is the bill of the St. Charles Hotel at New Orleans, "V. O. Gilbert and wife, Room 478, 2 days, \$8.00."

WHO PAYS THE FREIGHT?

"Tom Rhea's piece in the Courier-Journal about the State Insurance Rating Board not costing the taxpayers over \$77,000 in the last three years is like the story of the traveling man's overcoat," says a statement issued by the Republican State Campaign Committee.

"Rhea says the State Insurance Rating Board is not costing the people a red cent, as the fund is provided by a special assessment against the insurance companies.

"One time a green traveling man turned in a small expense account and among the items was this, 'One overcoat, \$50.' The boss was in a rage. He called the offender to his office and read him the riot act. A year later, at the annual round-up of the house, the boss grasped the traveler by the hand and said, 'Shake, old man. Your expense amounts are fine; higher, of course, but no charges for overcoats.' Then the traveling man said, 'No, sir, you don't see the overcoats, but they're there, just the same.'

"The salaries of the Insurance Rating Board (providing jobs for faithful Democrats) are paid out of the pockets of the people who buy insurance just as sure as the traveling man's firm paid for his overcoats. No one knows it better than Tom Rhea, because he used to be State Treasurer, and he knew where the money came from to pay those salaries.

"The inference that the taxpayers do not pay these salaries is too thin to fool anybody. It is time that the assessment is levied against the fire insurance companies and they promptly adjust their rates to cover it. Taxpayers in general and automobile license owners help pay the expenses of the State Road Department, hunters pay licenses to keep the State Game Commission going, etc. The bald truth is that every salary of this character, as well as every other expense and every cent collected in taxes are levied and paid under laws enacted by a Democratic State Legislature.

"Tom Rhea can quote figures until his head aches, but the people of Kentucky know just as well as he does that they are paying higher premiums for fire insurance than they ever paid before. N. O. Gray, superintendent of the Insurance Rating Board, has himself made the statement that rates have advanced 10 per cent in the face of the \$77,000 and more spent by his board for salaries alone in the past three years.

"If anybody doubts this, let him ask the merchant, the farmer, the dwelling owner whether fire insurance rates are higher now than ever before."

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

TOM RHEA AND THE STORY ON AN OVERCOAT

People Eventually Pay the Salaries of
the Insurance Rating Board Thru
An Increased Insurance Rate.

Tom Rhea's statements, as quoted in the Courier-Journal Tuesday morning, that the State Insurance Rating Board has not cost the taxpayers of the state more than \$77,000 in the last three years is very much like the story of the traveling man's overcoat according to Republicans yesterday at the state campaign headquarters. The verbose Mr. Rhea says the State Insurance Rating Board is not costing the people a "red cent," as the fund is provided by a special assessment against companies.

But the story:
Once upon a time a green traveling man turned in an expense account, and among the items was this one: "One overcoat \$50." The boss was in a rage. Right onto the carpet the offender was yanked, and the lecture he heard was never forgotten.

One year later at the annually round-up of the house, the boss grasped the salesman by the hand and fairly beamed, "Shake, old man," your expense accounts are fine, higher, of course, but no charge for overcoats."

"No sir; you don't see the overcoat, but there are there, just the same" dryly remarked the salesman.

And this, it is pointed out, is very illuminating when one considers the insurance rating board. The salaries of the board, providing positions for faithful Democrats, are paid out of the pockets of the people who buy insurance. The firm is still paying.

"No one knows this better than Tom Rhea, who as former state treasurer found it a part of his duty to know where the money came from to pay those salaries," said a leading Republican yesterday.

"The inference that the taxpayers do not pay these salaries is too thin to fool any one. It is true that the assessment is levied against the insurance companies, and they promptly adjust their rates to cover it. Every salary of this character and every cent collected in taxes is levied and paid under laws enacted by a Democrat State Legislature.

"Tom Rhea can quote figures until his head aches, but the people of Kentucky know just as well as he does that today they are paying higher premiums for fire insurance than they ever did before. N. O. Gray superintendent of the Insurance Rating Board has made the statement, himself, that rates have advanced 10 per cent in the face of the \$77,000, or more, spent by his board for salaries alone in the last three years.

"Doubt it? Ask the merchants, the farmer, or the home-owner whether fire insurance rates are higher now than ever before.

HOUSE AFTER BURLESON AND MAY REMOVE HIM

Lehlbach, of New Jersey Charges Burleson With Camouflage and Effrontery.

Washington, October 14.—Camouflage, contumacy and effrontery were charges directed at Postmaster General Burleson by Representative Lehlbach, of New Jersey, in a speech in the House. He accused the Postmaster General of not complying fully with the terms of a resolution passed recently by the House, asking for the record of appointments of postmasters since they were placed under civil service by executive order, asserted that nearly 1,000 appointments had been held up, and made a veiled threat that Congress would remove Mr. Burleson from office.

"The Postmaster General in his communication to the House seems to labor under the misapprehension that he need not comply with the resolution passed by the House," said Mr. Lehlbach. "The Postoffice Department, like any other government department, is responsible to Congress, which regulates the manner in which it shall function.

"Congress may even go so far as to remove the head of this department, if he is guilty of such malfeasance as to justify such condign punishment. When upon the suggestion of malfeasance the House orders the Postmaster General to furnish facts, it is plainly his duty to furnish them.

"In his communication Mr. Burleson seeks to camouflage his disobedience to the mandate of the House. The charge is that he has refused in many instances to submit names in compliance with the executive order putting postmasters under civil service, where such compliance would not coincide with his personal or political desires.

"He admits that there exist 786 vacancies in the postmasterhips of the presidential class, which apparently are left unfilled because of his unwillingness in that appalling number of cases to yield obedience to the President.

"While it was well known that in a number of cases vacancies have been unfilled for a year or more because of the Postmaster General's failure to co-operate the Civil Service Commission to change its ratings, it was not believed that his contumacy and effrontery had developed to such astounding proportions that 786 of the important offices throughout the country had been left without permanent appointees to administer them.

"He speaks of 486 such cases being still in the hands of the Civil Service Commission. It will be interesting to note, should he eventually comply with the House resolution, how many of these cases are there because of reference by the Postmaster General on the ground that the original ratings were improper."

NEW RAILWAY PLANS

Washington, October 14. — Briefly summarized, these are the chief provisions of the constructive railway legislation which will soon be reported out of the House Committee on Interstate and Foreign Commerce, of which Representative John J. Esch, of Wisconsin, is chairman:

Federal control of the issuance of railroad stocks and bonds.

The establishment of minimum rates, with increased powers of the Interstate Commerce Commission over interstate rates that interfere with interstate rates, in line with a recent decision of the Supreme Court of the United States.

The use of joint terminals. The use of interchangeable rolling stock, with enlarged power upon the Interstate Commerce Commission to prevent car shortage in congested transportation periods.

Early return of the roads to private ownership.

A total rejection of the Plumb plan and any provision recognizing the principle of government ownership of railroads.

Testimony of Maysville Citizens. When a Maysville citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Maysville resident. No stronger proof of merit can be had.

George H. King, prop., grocery 615 E. Second St., says: "I have used Doan's Kidney Pills off and on for several years, getting them at Chas. King's Drug Store and I have been greatly benefited by them. Sometimes the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. When I have been in that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack in quick order."

Relieves After Effects of Breaks and Sprains

Recovery from fractures and sprains is slow enough at best, but there is no use to be laid up any longer than absolutely necessary. Massage the injured part gently with Houstonia daily. Aching and soreness will quickly go.

The case of E. E. Downing, who lives on Walnut St., in Waverly, O., is one of the many proofs of what Houstonia will do. Says Mr. Downing, "Some time ago, I had the misfortune to break my leg. I tried several remedies without results, until I began using Houstonia Liniment, and am glad to testify that the results were beyond my expectations."

On rheumatic joints and swellings, too, Houstonia has an almost magical effect. Better get a bottle from your druggist and keep it handy.

PUBLIC SALE
OF WELL IMPROVED SMALL FARM
TUESDAY, OCTOBER 14,
10 O'CLOCK

In as much as I don't care to be burdened with the responsibility of looking after my farm at my time of life I have decided to offer it at Public Sale to the highest bidder on the above date. There is about 63 acres in the farm; situated in Mason County, Kentucky, in the Minerva precinct on the Big Pond Pike 6 miles West of Maysville; in Consolidated School District. This is a well improved small farm, in fact there is few like it in the county. There is a 6-room Frame House, in good condition, stock barn and tobacco barn, with usual outbuildings, all buildings in good repair. Fencing is good, and there is an abundance of water for stock and family use even at this drought period. Possession will be given for seeding this fall and full possession march 1st, 1920. Land will be sold on easy terms. Sale will take place rain or shine on the premises, so be on hand if you want this desirable little farm.

SARATOGA AND SOUTH IN
"THE RACING STRAIN"

"The Racing Strain," Mat Marsh's newest Goldwyn Picture, which comes to the Pastime tomorrow bears a "Made in Kentucky, New York and Saratoga" stamp. The Goldwyn star and her company journeyed to Paducah, Ky., for the early scenes in the production and then returned to New York. After a week's work in the metropolis the Goldwyn players, led by the wistful star, went to Saratoga at a time when the Spa season was in full bloom.

Though admitting that her stay in Saratoga delighted her most, Miss Marsh is warm in her praise of Kentucky and Kentuckians' home life. While in Paducah the star was the guest of a woman who was a classmate of hers in a California convent. While Miss Marsh was overjoyed by her meeting with her childhood friend, it was the latter's two children that made her ten days' stay in the Southland the truly happy period it was.

The Goldwyn star, always a lover of children, was seldom without the company of her tiny Kentucky friends. Even when at work Miss Marsh saw to it that little Marjorie and June were close at hand. In return for the happiness they gave her, the artist gladdened their hearts by permitting them to take part in a Red Cross lawn fete, one of the important scenes in "The Racing Strain."

MORROW AGAIN PROVES RHEA'S CHARGE ERROR

Produces Letter From Judge Cochran
to Show He Took No Part in Prosecution of Grant County
Tobacco Farmers.

Louisville, Ky., October 14.—The latest effort of Thomas S. Rhea, chairman of the Democratic Campaign Committee, to bolster up his exploded charge that Edwin P. Morrow prosecuted and convicted several farmers of Grant county, is made ridiculous by a statement issued by Mr. Morrow Sunday night.

Mr. Morrow makes public a letter from Federal Judge A. M. J. Cochran, of the United States Court for the Eastern Kentucky district, in which Judge Cochran declares the Republican nominee had no connection whatever with the case.

Mr. Morrow previously had proved by certified records of the court that his appointment as district attorney was not made until nine months after the conviction of the men he was accused of prosecuting. This incontrovertible evidence, however, had not prevented Mr. Rhea from renewing his charge.

Mr. Morrow's statement follows:

"This is the first opportunity I have had of answering the last statement of Mr. Thomas S. Rhea, chairman of the Democratic Campaign Committee, concerning an allegation made by him in his Benton speech, in regard to an alleged prosecution of some tobacco growers of Grant county, Ky. In his first statement he charged me with having procured the indictment and prosecuting the defendant and securing their conviction in the United States Court. Mr. Cantrill, who also made the same charge, went further and said that the conviction had been

secured by my eloquence before a jury.

"My answer from Winchester was the certified records of the United States Court at Covington, showing that I was not United States attorney at the time of the indictment, trial or conviction of the Grant county tobacco growers, and that I did not take office until nine months after the trial and conviction had occurred."

"Mr. Rhea, in his last statement, when confronted with the facts which totally disprove his first statement, now attempts to bolster up his charge by the assertion that in a volume of the Federal Reporter he finds that my name is listed as one of the attorneys in a brief filed in the Circuit Court of Appeals, which affirmed the judgment of the District Court in the said case. If Mr. Rhea had possessed any information whatever concerning the customs prevailing among attorneys or controlling the filing of such briefs in the Court of Appeals, he would have at once known that, as I was district attorney, it would have been necessary and customary to place my name as one of the attorneys on the brief, although I may have had nothing whatever to do with its preparation. The brief in this Steers case was prepared and filed by the Hon. Edwin P. Grosvenor, special attorney general and who, in fact, conducted the entire matter. My name was placed upon the brief simply because I was United States attorney."

"In this connection I wish to submit a statement from A. M. J. Cochran, Judge of the United States District Court for the Eastern District of Kentucky, which will be self-explanatory, and also to request Mr. Rhea to advise with the Hon. Edwin P. Grosvenor and Judge George DuRelle, both of whom will advise him that his original statement is altogether unfounded, and that I had nothing to do with the filing of the brief."

"This settles the controversy. Mr. Rhea and Mr. Cantrill have overshot the mark, and they should at once confess their error, correct their blunder, and set themselves right with the people of Kentucky."

The letter of Judge Cochran is as follows:

"United States District Court for the Eastern District of Kentucky.
"Chambers of A. M. J. Cochran, Judge,
"Maysville, Ky., Oct. 4, 1919.

"Edw. P. Morrow, Esq.:
"Dear Sir—I am in receipt of your telegram requesting a statement of me as to your connection with the prosecution of John S. Steers and others of Grant county under the Sherman anti-trust law in my court at Covington. You had no connection therewith. Judge Tinsley was district attorney at the time. He was sick when the case was set for trial and the government was represented by Judge DuRelle, then district attorney for the Western District, and E. P. Grosvenor, of Washington, special assistant for the attorney general.

"Very truly yours,
"A. M. J. COCHRAN."
